

# Introducing LF 600 All-in

\*Ideal for creating LayFlat book blocks of different sizes

## Compact integrated book block system

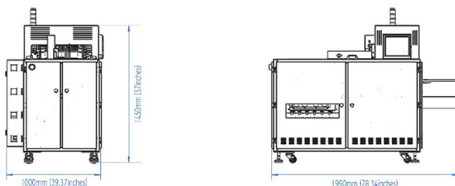

### Binding Machines for Simplex Prints

#### Description

LF 600 All-in is a fully automatic book block system which can produce LayFlat book blocks from single sheets. It is an all-in-one compact machine which includes a creaser and a folder. It creates photo-books by gluing papers back-to-back as well as inserting cardboard in between sheets.

#### Details

The LF 600 All-in is an all-in-one integrated system which can complete automatic feeding, gluing, and assembling. It has a user-friendly touchscreen, making it easy to operate. It offers flexible production for different sizes. The LF 600 All-in comes with the hallmark LayFlat binding technology as well as Hotmelt gluing technology which ensures faster delivery at a cheaper price.

#### Specifications

##### Book Block Height

152 mm – 330 mm (6 inches – 13 inches)

##### Book Block Width (open)

305 mm – 915 mm  
(12 inches – 36 inches)

##### Max. Thickness of Book Block

50 mm

##### Paper Thickness

0.15 mm – 0.3 mm

##### Cardboard Thickness

0.35 mm – 1 mm

##### Cardboard

With or Without

##### Gluing Technology

Hotmelt

##### Speed

600 sheets/hour  
(without cardboard),  
300 sheets/hour  
(with cardboard)

##### Air Compressor

0.6 x 0.7mpa, >180/min

##### Power Supply

220V 50 Hz

##### Max. Power Consumption

2000W

##### Machine Dimension

1990 mm (L) x 1000 mm (W)  
x 1450 mm (H)

##### Weight (approx.)

400 kg

### Key Features

- All in one system: Integrated auto feeding, creasing, folding, spinning pressing, gluing and assembling units;
- Easy to operate via touch screen;
- Flexible production for different sizes: 152 mm x 152 mm (6" x 6") to 330 mm x 460 mm (13" x 18")
- LayFlat binding technology;
- Hotmelt gluing technology: cheaper cost and faster delivery;
