

# Introducing VS 350 B

\*All-in-one photobook binding system

## Integrated binding technology

### Binding Machines for Duplex Prints

#### Description

VS 350 B is a compact machine which takes care of all the processes involved in photobook binding i.e. window cutting, creasing, hole-punching, and stapling. With an in-built digital microcontroller, VS 350 B can pre-define each project and can help you save it for later use. The machine also has the unique feature of creating two creases on a single page, specially used for creasing the first and last pages of the photobook. Additionally, it offers the highly accurate first-of-its-kind V-shape hole-punching and step-binding for a complete LayFlat photobook opening.

#### Details

The VS 350 B has a digital microcontroller with a large LCD touchscreen, having the ability to pre-define and save projects for future use. It can hold up to 99 programs in memory, including precise details for window-cutting, creasing, and hole-punching measurements. This machine also offers the patented V-shape LayFlat binding technology and the unique feature of creating two creases on a single page.

#### Specifications

**Paper Thickness**  
0.15 mm – 0.30 mm  
**Paper Width**  
482 mm X 482 mm (19 inches X 19 inches)  
**Paper Length**  
482 mm X 482 mm (19 inches X 19 inches)

**Synthetic Paper Thickness**  
0.125 mm ( - ) 0.175 mm

**Max. Paper Size**  
482 mm x 482 mm (19 inches x 19 inches)

**Speed**  
350 sheets per hour

**Air Compressor**  
Pneumatic connection required

**Power Supply**  
220 V 50 Hz

**Max. Power Consumption**  
250W

**Machine Dimension**  
1473 mm (L) X 762 mm (W)  
X 1295 mm (H)

**Weight (approx.)**  
210 kg

### Key Features

- Digital Microcontroller with a large LCD touch screen to pre define & save each project;
- Innovative Patented technology for "V" shape LayFlat binding;
- Two binding options are available window cutting & creasing, with hole punching & stapling;
- 99 programs can be stored with precise memory of window cutting, creasing & hole punching measurement;
- Unique feature of making two creases on a single page;
